

BOOTH RECAP

NBC Stockholm 2026

Pay by Bank · Digital Cash · Stablecoin Factory · 26–27 May 2026

— Recap at a glance

Two strong days in Stockholm with the Nordic Blockchain Association. We came with three products on the table — **Pay by Bank**, **Digital Cash** and **Stablecoin Factory** — plus a live **EKR.dk** demo, and worked the booth and the panel stage. This recap covers what landed, the conversations we had, and where it takes us next.

LEADS CAPTURED · GOAL 50+

26–27 May

Stockholm · NBA

Booth + Panel

Shared the stage with BlackRock

3 products

Pay by Bank · Digital Cash · Stablecoin Factory

Three products on the table — Pay by Bank, Digital Cash and Stablecoin Factory — plus a live EKR.dk demo at our booth that drew a lot of questions. Every lead was captured cleanly and is staged for segmented follow-up.

Panel appearance alongside BlackRock

At a glance

Item	Detail
Event	NBC Stockholm 2026 · Nordic Blockchain Association · 26–27 May 2026
Leads	35 sign-ups captured (goal: 50+), every required field clean for segmented follow-up
Audience	Mainly blockchain / crypto-native, with a smaller traditional-finance cohort
Booth	Prime, high-traffic location; tablet lead-capture form; branded giveaway per sign-up
Standout moment	Sharing the panel stage with BlackRock — our best visibility of the event

— What landed & what's next

What went well

- **Panel credibility.** Sharing the stage with BlackRock was a standout credibility moment and our best visibility of the event.
- **Prime booth location.** A high-traffic spot kept a steady flow of visitors and conversations.
- **EKR.dk demo at our booth.** The live EKR.dk demo drew a lot of questions from visitors.
- **Right crowd.** A largely blockchain / crypto-native audience kept conversations relevant — and surfaced real Pay by Bank use cases.
- **Clean lead capture.** Every required field captured, so each lead is ready for segmented follow-up.

What we'd sharpen

- **Lead volume.** Sign-ups came in modest, below the 50 target, despite strong footfall.
- **Buyer mix.** We'd welcome more payments and traditional-finance buyers in the room next edition.
- **On-floor demos.** A tighter, repeatable Pay by Bank demo would help convert booth interest faster.

Follow-up so far: a thank-you email went out to all 35 leads via Brevo last week, inviting them to follow Aryze on social.

Outlook for Aryze

Pipeline	All 35 leads captured and sent a thank-you email via Brevo last week.
Credibility	The BlackRock panel plus a relevant lead list is a strong base for Q3 outreach.
Partnership	NBC is a high-fit event for Aryze; worth a conversation about scaling our presence — ideally with more payments-side attendees.
